

High Quality Dental Care in Peru

So much begins with a smile! And creating it requires the eye of an artist... and the skill of a dentist.

Welcome to the TRAVELandSMILE dental clinic. Here, we will attend to all of your dental health needs as we have specialists in each field including Implantology, Root Canal Therapy, Periodontics and Cosmetic dentistry while also providing a complete service for the whole family.

Dr. Enrique Yuen, founder of TRAVELandSMILE and Dr. Miguel Angel Coz, our two main specialists, have earned a reputation for excellence. They specialize in all types of dentistry while providing a particular focus on aesthetic smile makeover design and dental implants.

Dr Yuen specializes in cosmetic dentistry (veneers, crowns and whitening for example). He can give you a complete smile makeover within a week. Dr Coz, one of Latin America's top implantologists specializes in immediate load implants, has 16 years experience and a wealth of satisfied clients from each quarter of the globe.

Many of our treatments also come with guarantees and certification. For your added peace of mind, all come with documentation that we'll forward to your regular dentist or insurance company so that your records will be kept up to date.
